Dear Ken...

I think the time has come for me to go public about what I've been doing and learning the last eleven months.

As you know, I'm eager that this transmission be accurate--and not be ripped off by politicians of either right or left.

Is there any chance that you could come down to the Bay area in the next week?

If there is a money problem, I'll be able to repay you for the expenses incurred.

If you can get free to do this, the way to arrange the visit is by contacting

Arthur Van Court
U.S. Marshall
Sacramento, California

Hope to see you soon.

Timothy Leary

Mr Amara, office of California Attorney General
Don Strange, D.E.A., Los Angeles, Ca.

James Browning, U.S. Attorney, San Francisco

John Milano, Asst. U.S. Attorney, San Francisco.

In conclusion let me say that my complaints about the
Justice Department do not extend to the Bureau of Prisons, the U.S.
Marshall's service, the Sacramento and Chicago offices of the
F.B.I.--with all of whom I have had productive and intelligent
relations.

Sincerely yours,

Timothy Leary
